P.R.No. 41/[illegible] dated 16th February 1950. 13130

Sir,

Sub:- Revised Estimate for 1949-50 and the Budget Estimate for 1950-51 - Elementary Education Fund Account:- Bellary District Board-Submitted.

Ref:- Government Memo No.87233 B.2/49 1 Edn, dated 10-11-49.

I forward herewith in the prescribed form in duplicate the Revised Estimate for 1949-50 and the Budget for 1950-51 of the Elementary Education Fund Account of the Bellary District Board along with the prescribed annexures, appendices and statements.

The marked variations between the provisions made in the Budget Estimate for 1949-50 and the revised estimate for 1949-50 and the particulars of provisions made in the Budget for 1950-51 are explained in the Appendix II. The salient points are marked out below for special attention. The particulars of provisions made under the scheme for Compulsory education and expansion of education are furnished in statement III and Annexure I.

Rent free buildings:- A sum of Rs.2,000 has been provided for repairs to the Rent free buildings.

Capital:- In pursuance of Circular No.1692 B1/48 dated 13-8-48 a scheme for construction of school buildings was formulated and the Divisional Engineer(Highways) Bellary was asked to get estimates prepared for the construction of the school buildings at 15 centres. The Government have in G.O.No. 3004 Edn., dated 26-9-49 sanctioned a sum of Rs.14,000 towards the construction of new buildings accommodating Elementary Schools at Tekkalakota, Desanur and Haluvagal. Another sum of Rs. 8000/- has been applied for for the construction of school buildings for basic schools at Halaharivi and Hathibelagal. The chances of utilising this amount are remote as the estimates have not been so far received. A similar provision for a grant for the construction of school buildings during 1950-51 is also made. Hence, a sum of Rs.44,000 has been provided for under Government grant in the Budget for 1950-51.

Staff:-
The provision made for the staff, equipment and accommodation is for the actual needs of the institutions both under the Revised Estimate for 1949-50 and Budget 1950-51.

Compulsory Schools:-

The particulars of the total receipts and expenditure under this scheme are furnished below:-

	Actuals for 1948-49.	Revised Estimate for 49-50.	Budget Estimate for 1950-51.
Credits(Govt.Grant).	1,53,831.	2,88,320.	2,22,180.
Expenditure.	2,29,902.	2,21,870.	2,19,500.
	(-) 74,071.	66,450.	2,680.

The surplus for the revised estimate for 1949-50 as shown above is to balance the deficit for 1948-49 vide G.O.No. Mis.2067 Edn. dated 28-6-49.

General.

The Revised Estimate (Ordinary Education) excluding the Compulsory closes with a deficit of Rs. 1,71,040 as seen from the detailed statement furnished. The Budget Estimate for 1950-51 closes with a deficit of Rs,3,68,040. This large deficit is mainly due to the payment of dearness allowance at the rate ordered by the Government which comes to Rs.2,02,630. This includes the amount of Rs. 8530 payable as dearness allowance to the teachers transferred with the Elementary Schools of Ex-Sandur state. No credit has been taken for this amount under Government grant in view of the fact the Government have instructed that no credit should be taken without specific orders.

Education Cess.

In order that this recurring deficit may be met at least partially, the Board in its resolution No.16 dated 16-1-1950 decided to rise the rate of Education cess from 10 pies in the rupee of the land revenue to 20 pies with effect from Fasli 1359. This rise in the rate of education cess is likely to bring in an additional income of Rs.1,38,000 per annum on the basis of Rs.13,000 per pie of rise in the rate of cess. This additional income together with the amount that the Government will sanction to meet the cost of payment of dearness allowance, it is hoped balances the Budget. The proposed enhancement of Government contribution to local bodies under the Elementary Education Act will considerably aid the Board to restore the financial position of the Elementary Education Fund. The Collector, Bellary may kindly be asked to effect the collection of the cess at the enhanced rate with effect from fasli 1359. A separate detailed communication is being submitted in the matter.

Adequate provision has been made for accommodation and equipment as recommended by the Educational authorities.

President, District Board,
Bellary.

Sir,

Sub:- Cesses- Elementary Education Fund Account- Bellary District Board - levy at enhanced rates approval requested.

Ref:- Revised Budget Estimate for 1949-50 and Budget Estimate for 1950-51.

2557

A perusal of the Revised Estimate for 1949-50 and the Budget Estimate for 1950-51 of the Elementary Education Fund Account of the Bellary District Board will reveal that they close with a deficit balance of Rs. 1,31,870 and 3,26,190 respectively. The deficit Budget has become a regular feature of this District Board. Of the four possible means balancing the budget noted below, the retrenchment is unthinkable in view of the low literacy prevailing in the District which is as low as 6.2 % as per 1941 census. On the other hand there is great need for additional schools and appointment of additional teachers in several schools.

1. Retrenchment.
2. Contribution from General Funds.
3. Government Grant.
4. Enhancement of cess.

Of the other three, (2) District Boad contribution cannot be increased as the general account does not afford any surplus. (3) Government grant depends on the extent of the Board's exploitation of other means open to see that the deficit is minimized. In consideration of all these facts the District Board in its Resolution No. 16 dated 16-1-1950 decided that the education cess be enhanced from 10 pies in the rupee of land Revenue to 20 pies. This rise in the rate of education cess is expected to raise the revenue by about Rs.1,38,000/- at the rate of Rs. 13,800 per pie of rise in the education cess. This is to take effect from fasli 1359.

The enhanced rate of levy may be approved and the Collector of Bellary instructed to effect collections at the enhanced rate from Fasli 1359. He may also be asked to credit the necessary advance at the higher rate to the District Board with effect from July 1949.

A copy of the resolution is enclosed herewith.

he estimates call for the following remarks

EVISED ESTIMATE FOR 1949-50:-

(1) The R.E. closes with a deficit of Rs.1.32 lakhs. The District Board has suggested an increase in the rate of Education tax from 10 pies to 20 pies in the rupee of the land revenue from Fasli 1359. If the enhancement is sanctioned the Bd. will get an additional income of Rs.1.04 lakhs for 9 months in the current year. The additional income will cover a major portion of the deficit in the R.E. It is for orders whether the rate of tax can be enhanced from 10 pies to 20 pies in the rupee of the land revenue in the current Fasli. The enhancement should be under Governme direction as the proposal of the Board if approved by Government cannot have retrospecti effect. It may be dfficult for the Revenue staff to collect the additional income from Edn. tax within the current Fasli itself. Perhaps the Collector may be authorised to collect the tax as arrears along with the amount due from th next Fasli and credit the amount to the Dt.Bd.

2/-There may be a small deficit of Rs.28,000 An additional subsidy may be sanctioned to the Dt Bd. towards this deficit. The total subsidy paid will be only 94,000/- against an expenditure of Rs.2.87 lakhs on the grant of d.a. to teachers.

Sir,

Sub:- Cesses - Education Cess - Adjustment at higher rates consequent on levy of Cess at higher rates - requested.

For want of sufficient credit at the disposal of the Board the pay of elementary school teachers for December '50 has not been so far disbursed. In this connection, it may be seen that unless the expected amounts are realised and credited to the Board, such delays in payments are inevitable. The Board and its Presidnet will have to face the results of delay in payments of duc to its subordinates.

Expecting a revenue of Rs.2,60,000/- by way of education cess on the basis of Rs.13,000/- per pie of cess, the Board raised the levy of education cess from 10 pies to 20 pies in the rupee of land revenue with effect from Fasli 1359.

If the Collector had been pleased to make advance adjustment on the basis of expected revenue at the advanced rate of levy the Board would have had Rs.1,00,000/- more than what has been adjusted now at the rate of Rs.13,000/- p.m. A request for adjustment at this enhanced rate was made as long ago as May '5 Still no action seems to have been taken in the matter. The Jamabandi for Fasli 1359 is over in July '50 and the final adjustment has been held over till to-day.

I, therefore request you to take interest in the matter and see that the amounts due to the Board are got adjusted to relieve the Board from its financial strengency.
